Dear Mrs. Frase,

As I was searching papers and asking around, looking for a job that would challenge me as an individual but could also let me enjoy the people I work around, I found that Gaudy Me could be the place for me. As this job will be a life-teaching job that could teach me how to work with others, help, and be more responsible, I think this could be a good opportunity for me.

I enjoy dressing up, and helping others. I always shop at Gaudy Me, and enjoy all the different combinations of clothing can come from it. Being around friends is one of my favorite things to do, and I feel like at this job, Gaudy Me, I will have the experience to not only do my job, but can also enjoy the time that I'm with the workers there.

I would very much like to speak with you about this position and to show you how much of a help I would be too Gaudy Me. All of the trips after going to papacitas, searching for dresses, and cute outfits, have all paid off. I've always wished to work at Gaudy Me and I would love to be apart of the store. My cell phone number is (903)888-8713 and the best time to reach me would be after school (3:30) or on the weekends, or I could call you. Just let me know when a convenient time for you would be.

Thank you, in advance, for your consideration, Mrs. Frase.

Sincerely,

Cayman Sutton
